Main parts: Contents, Introduction, two Chapters, Conclusion, Bibliography.

Keywords: the Adjective, English, Russian, morphological, syntactical, the Stative, Parts of Speech, semantical.

The present paper is devoted to the morphological and syntactical characteristics of the Adjective in the English and Russian languages.
The Adjective is a part of speech which describes, identifies or quantifies a noun or a pronoun.
The aim of the research consists in describing and classifying the main characteristics of the Adjective and in comparing English and Russian adjectives.
In Chapter I the theoretical foundation of the research is laid, the key terms are defined, the classification of adjectives in English is fulfilled, the Category of State is characterized.
In Chapter II morphological, semantical and syntactical characteristics of the Adjective in the English and Russian languages are described and compared.
