Тема: АРХАИЗМЫ В АНГЛИЙСКОМ ЯЗЫКЕ

**ABSTRACT**

**Subjectmatter:** Archaisms in English Language.

**Author:** Ksenia V. Lizina, 5th year student, Institute of Translatology and Multilanguage Studies.

**Supervisor of the project:** O.A. Leonovitch, Professor of the Chair of Theory and Practice of Translation and Interpretation.

**Information about the sponsor organization:** Pyatigorsk State Linguistic University; 9 Kalinin St., Pyatigorsk, Stavropolkrai.

**Relevance of the thesis:** archaisms can be found in different kinds of texts including the pieces of literature written in past centuries, official documents, the Bible, old proverbs, and modern belles-lettres. Translators and interpreters may find it quite difficult to understand archaisms and find suitable translations or equivalents for them in their first language.

**Purpose of the thesis:** gaining an in-depth understanding of archaisms in the English language and their translation into Russian.

**Research objectives:** researching classification, ways of translation, stylistic purposes, and the use of archaisms in proverbs and biblical texts.

Archaisms are words, phrases or the use of spelling that were current and commonly used at one time, but then have passed out of regular use. They can be found in different kinds of texts including the pieces of literature written in past centuries, official documents, the Bible, old proverbs, and modern belles-lettres to make it sound like something written in the old times.

Archaism is frequently used in poetry, prose, science, law, geography, ritual and technology speech and writing. It may have been used accidentally or purposefully. The role of archaism in history is to suggest a superior, but maybe mythical, ancient golden age. Also, it can be used for creating humor and irony. However, the most effective use of archaism are in poetry. The sound patterns of the archaic words are helpful when it comes to assonance, alliteration and rhyme scheme.

The given paper deals with the most common aspects of archaisms including their classification, translation, stylistic purposes, and the use of archaisms in proverbs and biblical texts.
